

Kredittilsynet (The Financial Supervisory Authority of Norway) warns against investment offers marketed by Augmentum Macau

Kredittilsynet has been informed that Augmentum Macau (address: Room 1709, 17/F, Centro Com. Si Toi. 619 Avenida da Praia Grande, Macau) has contacted Norwegian investors and offered to purchase shares if the investor agrees to pay a fee in advance. The company also offers services from the website www.augmentummacau.com.

Kredittilsynet informs that Augmentum Macau has not received any approval to perform investment services in Norway, involving that the company does not have necessary authorisation in accordance with Norwegian law. This also involves that Kredittilsynet does not supervise the company and has not approved the services offered by the company. Kredittilsynet therefore recommends that investors do not enter into agreements or transfer values to Augmentum Macau.

[Kredittilsynet's registry](#) contains information on all companies which are authorized to offer investment services in Norway. A list (not complete), of [parties in the market which operate without approval](#), can also be found on Kredittilsynet's website.
