(the “Sub-Funds”)

Dear Shareholder,

As a reminder, the Sub-Funds already exclude the following securities:

- securities of companies involved in the production or sale of the following controversial weapons : anti-personnel mines and cluster bombs as well as chemical, biological and depleted uranium weapons,
- securities of companies in breach of international conventions on Human or Labor Rights or that violate, repeatedly and seriously, one or more of the ten principles of the Global Compact<sup>1</sup>,
- securities of companies involved in Tobacco production or distribution,
- or securities of companies with significant exposure to Thermal coal.

We inform you that, in addition, the board of directors of the SICAV (the “**Board**”) has decided to precise that the Sub-funds will not hold:

- securities of companies with significant exposure to nuclear weapons or unconventional oil & gas.

The exclusion of these securities is based on Amundi’s methodology. As a result, the Board decides to modify the Prospectus of the SICAV as follows:

- Introduce the relating information in each Sub-Funds’ Management Process.
- Amend the section “Replication Methods for passively managed sub-fund” set in out in the general part of the Prospectus in order to introduce this modification.

The Board wishes to draw the attention of the investors that these changes will not modify the investment objective of the relevant Sub-Funds.

These changes will be reflected in the next visa-stamped prospectus.

The latest prospectus of the SICAV and Key Investor Information Documents are available on request free of charge at its registered office.

Yours faithfully  
The Board
