Main accounting policies and accounting principles used

The accounting policy of the Fund is based on Act XVI of 2014 on Collective Investment Schemes and their Managers and on the Amendment of Certain Financial Laws ("CthCUA"), Act C of 2000 on Accounting ("Accounting Act"), Government Decree 215/2000 (XII.11.) on the specificities of the annual reporting and accounting obligations of investment funds ("Government Decree") and other applicable legislation.

The Fund Manager shall keep detailed analytical records of the assets and liabilities of the Fund.

The rules for the valuation and accounting of assets and liabilities have been established in accordance with the provisions of Article 7 of the Government Decree.

Valuation and accounting of securities

- In accordance with the requirements of the Government Regulation, securities are recorded at net acquisition value. When securities are sold, the book value per sale is determined using the FIFO method.
- The securities are valued at market value on a regular basis as required by the CISA, the Government Decree and the Fund's prospectus.
- In accordance with the requirements of the Government Decree, accrued interest and dividends on securities in the current year are recorded as the difference in value of the securities.

Valuation and accounting of derivative transactions

The market value of a derivative is the expected future profit or loss on the derivative at which the unrealised gain or loss on the derivative can be resold as a position. The valuation of derivatives is determined for each type of transaction using generally accepted valuation techniques (typically a model based on discounted present values (DCF) of actual or estimated future cash flows arising from the contract).

The Fund option premiums paid on option contracts as an expense of financial operations when incurred and shall not make use of the accrual option under Article 9/B (12) of the Government Decree.

Claims and liabilities denominated in foreign currency

The market value of foreign currency assets and liabilities, foreign currency reserves and foreign currency deposits is determined by the value of the official exchange rate published by the Magyar Nemzeti Bank on the valuation date for the given currency.

Intangible and tangible fixed assets

The Fund has no intangible or tangible assets.

XII. Information on risk management

a) assets subject to special rules because of their illiquidity:

The Fund's portfolio did not contain any assets subject to a special management rule due to their illiquidity, neither in the current in the previous period.

b) presentation of liquidity management arrangements

The Fund Manager has not entered into any new contractual arrangements on behalf of the Fund for the performance of liquidity management functions in relation to the Fund's portfolio, neither during the current period nor in the preceding period.

The Fund Manager generally maintains the liquidity of the Fund in liquid Hungarian government securities maturing within one year or in withdrawable fixed-term deposits, subject to the limits set out in the Management Regulations.

In the course of liquidity management, the Fund Manager examines funds with liquidity surpluses or liquidity deficits in order to reduce transaction costs and enters into market price sales transactions between the funds for the benefit or the detriment of their Hungarian government securities holdings. Thus, in the first instance, liquidity management is carried out between the funds managed by OTP Fund Management, mainly with discount Treasury bills. If there is then a net exposure remaining in the funds, further liquidity management transactions will be carried out with external counterparties by the Fund Manager in the form of market price transactions.

c) the current risk profile of the Fund and the risk management systems employed by the Manager to manage these risks

Information on the risk profile of the Fund is provided in the "Significant Risk Factors" and "Presentation of Risk Factors" chapters of the Fund's Prospectus and Management Regulations.

The Company's liquidity policy is designed in accordance with Articles 46-48 of Commission Delegated Regulation (EU) No 231/2013 of 19 December 2012 supplementing Directive 2011/61/EU of the European Parliament and of the Council as regards exemptions, general operating conditions, depositary, leverage, transparency and supervision (the "AIFM Regulation").

The Company's liquidity policy has been developed in accordance with Article 24 of the Government Decree 79/2014 (14.III.) on the organisational, conflict of interest, business conduct and risk management requirements for UCITS fund managers ("Decree 79/2014").

XIII. Changes in leverage

Leverage *	EUR 4 021 795	EUR 11 518 364	186,3986%

* Leverage has been calculated in accordance with Articles 6 to 11 of the AIFM Regulation.

XIV. Other information

a) Presentation of the Fund's illiquid assets

The Fund Manager has segregated any illiquid assets in accordance with the ICFTU for the Fund, neither in the current period nor in the previous period.

b) Acquisitions of controlling interests in an unlisted company by the Fund

The Fund has not acquired any controlling interests in companies during the current or previous periods.

c) Other information

The maximum amount of the fees charged to the investment fund for the provision of the Fund Manager's activities and for the intermediated services and other services not constituting intermediated services listed in point 36.1 of the Management Regulations is 0.5% of the Fund's net asset value per annum. The maximum amount of the fees charged for the management of other investment funds and other collective investment schemes which are potential investments in the Fund's portfolio and which each represent at least 20% of the net asset value is 2% of the net asset value per annum.
